The **Cal-OAR and the Home Visiting Program** webinar has relevance for all CalWORKs County staff. Please forward this invite to staff who will be responsible for and/or contributing toward the CalWORKs intake and redetermination process within Cal-OAR, which may include those in leadership roles, program managers/specialists, front line managers and caseworkers, and staff who work in data collection/processing.

The webinar platform can effectively accommodate up to 500 participants, so CDSS recommends no county has more than 25 individuals login to any one webinar. We also recommend that county staff gather in one location whenever possible and login to these trainings as a group. This will have the additional advantage of allowing staff to engage in discussion within your county during the webinar. Please confer with the appropriate staff within your county for further direction.

The Cal-OAR trainings will also be recorded. Links to the recordings, together with presenter and trainee packets, will be posted to CDSS' [Cal-OAR website](#) shortly after the training so that anyone will be able to access and re-create the trainings at any time.

Please feel free to have your appropriate county contacts reach out to CDSS Cal-OAR support staff at Cal-OAR@dss.ca.gov with any questions, and we look forward to working with and supporting you throughout the Cal-OAR implementation process.

Sincerely,

CDSS Cal-OAR Implementation Team
